

Covid-19 Care Package

Week Three

Is it day 5,628 of the quarantine? What month is it? It's like we are on vacation, losing track of time without the luxury of being on vacation. So, who couldn't use a good laugh or two?

Family of Fones is a cell phone game you can play with your teenager.

I also offer you two short, helpful videos to assist parents with teenage drama: **How to Stay Out of Your Teen's Drama** and **How to Avoid a Power Struggle with Your Teen**. These videos are designed as a simple "classroom style" discussion that I believe will help inspire better family relationships at home!
